We are looking for some items for a new project. Can anyone help us out?

Hey, South Bristol School students and families!!! Do you like fresh vegetables? We are the Social Leaders, a new club at South Bristol. We are working on our first project, building a small community garden for the school. We hope that it will be a school community garden for all the classrooms to share.

We are looking for donations of gardening tools, such as gloves, watering cans, 6 tomato cages, garden netting, stakes, bags of fertilizer and peat moss and trowels. If you have any extra of these items, would you consider sending them our way?! We are very excited for this new project and are looking forward to teaching students cooperative skills and teamwork through the up keep of the garden.

Sincerely,

The Social Leaders Club
